

LIONS STATEWIDE FOOD DRIVE

...We Serve...

The statistics are still staggering and the need is still great. In these tough times, your local food pantry/bank and Oregon Food Bank continues working hard to meet needs on a weekly basis. It seems that their supplies always run low.

Lions in Oregon and Northern California know how to get things done and can...and did...make a big difference. On January 30, 2010, they joined efforts with other Lions throughout the Multiple District to collect canned and non-perishable food for those in need in their local communities. Also collected were those paper products we all use on a regular basis and money donations.

We thank all those clubs who took this opportunity to help their local food pantries through this special state-wide project. This was the Oregon and Northern California Lions project for the LCI "Lions in Sight" campaign in January.

Got a special story to share about it? How about a picture? And if you want to share what your club did on this project, contact one of the Horizon Team leaders from the following links:
